## 1936 WHOLESALE TRADE LIST OF

## PRUITT'S OREGON GROWN GLADIOLUS TO A CONTROLLED TO A CONTROLLE

All bulbs offered are F.O.B. Grants Pass, Oregon; subject to prior sale. Free from thrips and disastrous disease. Liberal count and measure. Many items listed below are left blank in the price columns as these items are regularly grown but no more stock is available the rest of the season. Supplies in most varieties are in limited quantity.

I try to grow only the best of the new Gladiolus and continue to grow only the best proven older sorts.

## Two New Pruitt Introductions for 1936

My two new introductions of this season, Early Peach and Paradise, are both fine varieties here with us in Oregon. Having a nice lot of each I am enabled to offer them at a very attractive and reasonable introductory price.

I will not release my new variety Shirley Temple until the winter of 1936-37 as it seems advisable to hold it another year in order that sufficient stock will be available upon introduction so that prices will be within the reach of all.
